92' x 7' Mural Wall Wrap

RMH recently partnered with Inductotherm a company that builds induction melting, holding, heating and pouring systems for virtually all metals. The idea was to create a wall mural using pictures depicting Inductotherm's products in action. Our team Produced the wall wrap using a textured peel and stick wall paper which was printed using UV resistant inks. In total once installed this wall mural wrap was 1,104 inches wide by 82 inches in height 12 feet off the floor.
